

Paid Research Study *Huntington's Disease*

If you or your spouse has been diagnosed with Huntington's Disease or tested positive for the HD gene in the past 2-5 years, you may be eligible to participate in a **paid marketing research study**.

If you qualify and participate you **will be paid \$175**
for a ***single 60-minute telephone interview***.

Studies are being conducted to learn how to improve the quality of life for people living with HD.

RCHorowitz & Company works to help bridge the gap between patients and the healthcare industry.

Information gained from our studies is used to provide the healthcare industry invaluable information about patient experiences.

Our studies have helped bring new drugs to the market, improve drug delivery methods, and develop patient informational materials like support websites, drug start-up brochures, and patient information packets.

The more our clients learn, the better we can make it for others in the future.
